I spoke to Mike Edwards about 1½ week ago, and he is not aware of any role for the Region. I offered assistance, should they need any.

Do we know the state's plans and confident there is not a role for us currently?

Subject: Article in Sunday's Oklahoman

Attached is an article in the Oklahoman Newspaper on Sunday about the old Eagle Industries site on 8828 SE 29th St. DEQ is performing a PreCERCLA Screen on this site. There are some inaccuracies in the article (like ground water at the Eagle Industries Superfund site is moving south, not north). But I wanted to share with you all before your Headquarters calls and asks.

Please call me with any questions. I am at the University of Oklahoma tomorrow, but can be reached on my cell 405-623-8839.

Amy
